

LIST OF TEST EQUIPMENT
RFQ NO AMF/751-A/4601/65/LOG

S No	Noun	Specification	Qty Req	Remarks
1	Freezer Data Logger	Manufacturer: YOKOGAVA Model No: FX1002 Logger along with Qty-02 platinum resistors and corresponding connecting wire.	1	
2	Resistant Tester (To check the resistance of Aluminum spray coating on composite parts)	Manufacturer: Chengdue Ou Shen Technology Co. Ltd. Model No: BT3562A One resistance measuring after aluminum spray. Part surface resistance range: Category I: (0.5~1.3)mΩ, points less than 0.5mΩ shall be no more than 5%. Category II: (≤0.8)mΩ, Measurement Accuracy: ± 0.01mΩ, Measurement Range 0.11mΩ-100mΩ Measurement Probe: four-needle, Needle spacing: 2.5mm, Maximum current:1A	1	1. Calibration Certificates and Calibration Procedures are also to be provided as applicable. 2. Item must be quoted along with required accessories. 3. Quotation is required in Pak Rupees on FOR Kamra basis
3	Sand Blast Media	Brown Corundum Sand Mesh size 26-46	1	

S No	Part No	Specifications	Qty Reqd
4	151711E	INDUSTRIAL X-RAY EQUIPMENT ISOVOLT TITAN E operating with 3-phase AC mains as per product information no 30167 each consisting of: HIGH Voltage generater , 160kv cathode with high voltage connection R24 highly stabilized with integrated 3-phase power module , CEUL standard operation software, and 10m power connecting cable installation manual operatin manuals	Quotation is required in Pak Rupees on FOR Kamra basis1
	6654151	Control Module ISOVOLT TITAN E in desk-top housing, with integrated rotary control	
	7303722	Connecting cable V-B 15m long	
	251246C	High voltage cable 160kv 5mlong both ends with rubbercone plugs R24	
	2540690	Water cooling pump PWL 5000 MT with closed circuit cooling and intrinsically safe flow sensor Product Information No 30229	
	2530330	Unipolar X-ray tubehousing "ISOVOLT 160 M2/0.4-3.0" with metal-ceramic X-ray tube MXR 160/0.4-3.0 focal spot size (EN12543) : 1.00mm (0.4 IEC336) 4mA and 5.50mm (3.0 IEC336)19mA Product information No 30030 with quick-lock cable flange	
	2580184	Centering and collimator attachment for tubehousing ISOVOLT 160m with laser centering device, with support, pulsed, <=1mW laser class 2,650nm (FDA) incl. battery CR123A	
	7443710	Cable sleeve R24 for quick lock cable mount	
	7304121	Connecting cable for door contacts 10m long x3 with mounted male plug, shielded cable one side with end ferrules	
	9055940	Safety switch AZ 16 zvk with actuator AZ15/16-B1 with CSA approval (Qty 02)	
	9435240	Cable gland M16x1,5 - Polyamid black (Qty 02)	
	2550820	Tripod stand with tube yoke panoramic 160kV tube housing	

LIST OF TEST EQUIPMENT RFQ NO AMF/751-A/4601/65/LOG				
S No	Noun	Specification	Qty Req	Remarks
5	CDS Identification Tool	Model No. ASFX028P00 OEM: FARO Switzerland	1	1 This accessory is required for Laser Projector Model No. TracerM 3D OEM: FARO, Switzerland 2. Quotation is required in USD FOB basiss

Notes:

- (a) Price and availability data is required for the above mentioned items
- (b) Quotations with technical brochures should be addressed to Director Logistics JF-17, AMF PAC Kamra
- (c) Last date for submission of quotations is 02-09-2019
